

CONCERT ATTENDANCE POLICY

Concerts are the culminating celebration of the class learning. It is required that every student be at the concert to contribute. Performance dates are distributed in September, and published in school communications. Unfortunately, illness and family emergencies are a part of life. In this case, an alternate assignment is available.

It is important to note that this optional make-up assignment is not a punishment, but a make-up for a grade missed. AN after school performance is equivalent to any other out of school project like a term paper or science project. Since a student cannot make up a choral concert by himself or herself this is a chance for them to make up the grade missed. A student's grade will not suffer provided they complete the assignment as prescribed below.

Please do everything you can to inform Mrs. Lykins of an absence BEFORE the concert occurs.
